

GSV – ICIC

Next Steps

1. **Validation** of the report with the members of the Working Group
2. **Webinar** (Possible date: August 2024)
 - a) Participation of an Evaluation and Monitoring expert:
Presentation on the importance of evaluation and monitoring, focusing on the DAIP. Examples of possible evaluation and monitoring methodologies for DAIP practices aimed at GSV.
 - b) Participation of evaluation areas:
ICIC member organizations that have experience related to the evaluation and monitoring of practices/policies/programs aimed at vulnerable groups.
 - c) Promising practices:
Invite ICIC member countries to share their perspectives, practices, programs or policies regarding GSVs.
 - d) Feedback and Q&A session.
3. **Consultancy:** enquire about the possibility of having a consultant to develop a manual/toolkit on monitoring and evaluation methodology that serves as input for the creation and/or improvement of public policies aimed at GSV.
4. **Survey:** Creation of a new survey focused on people with disabilities.

The focus on this group responds to the fact that, in the diagnostic survey conducted by this WG in 2022, people with disabilities ranked first in the survey as the most vulnerable group (with 90%).

Topics to explore in relation to this collective:

- Disability regulations
- Disability regulations and access to information.
- Best AIP practices concerning people with disabilities.
